

# THE ELF STONE

The Elf Stone is on the west side of the Reykjadalur valley and is only a 10 minute walk away from the North Aurora Guesthouse, reachable by a small path up the heath. The guided tours are free for North Aurora guests !

Bryndís offers guided tours to the Elf stone from North Aurora Guesthouse. The tour is about 1 hour long and no minimum required. The price for the guided tours to the Elf stone is 6000 kr per person.

Bryndís Pétursdóttir, who runs North Aurora Guesthouse, is a psychic and has been in contact with the elves since she was a child. She thinks it is important that we acknowledge the existence of the elves, because it is a part of preserving Iceland's nature. It is important that humans preserve the homes of the elves so that they can keep giving us the energy that we need. They are part of the Icelandic folklore.

It is possible to book private or group tours where you will visit more places of importance to the elves in Reykjadalur and/or Mývatnssveit.
